

Obstacles to Accessing Health Services for the Lesbian, Gay & Bisexual (LGB) Population

Lesbian, Gay, Bi-sexual (LGB) and Transgender groups are among those that have been highlighted within the Suicide Strategy as being marginalised and disadvantaged. The aim of this session is to raise awareness of the LGB community and to promote best practice within organisations.

The CLEAR Project are offering you the opportunity to participate in a one day seminar designed to highlight the obstacles to accessing services and support for this group and will provide practical suggestions for the improvement of practice.

This is a broad awareness programme which offers practical suggestions for the improvement of practice and policy within organisations with specific focus upon mental health issues.
